## OC Access Service

OC ACCESS, formally known as OCTA ACCESS, is a shared-ride service for people who are unable to use the regular, fixed-route OC Bus service because of functional limitations caused by a disability. These passengers must be certified by OCTA to use the OC ACCESS system by meeting the Americans with Disabilities Act (ADA) eligibility criteria.

Types of Service

### Curb-to-Curb Standard Service

All OC ACCESS fares must be paid upon boarding. The base fare for OC ACCESS service is \$3.60 per passenger for each one-way trip. The standard OC ACCESS fare is for curb-to-curb service. If you require a reasonable modification for service beyond the curb, please notify the reservation operator when making the trip reservation.

## Subscription Service

Subscription service allows riders to receive service without the need to call and request each trip. This is good for riders who are traveling to work, school, for regularly scheduled medical appointments, or to other destinations on a regular basis.

## OC Same Day Taxi App Coming Soon

Beginning in mid-March, OC ACCESS will be testing a new mobile application that will allow Same Day Taxi (SDT) users in Orange County an easier and more convenient way to book, track and receive the exact fare for Same Day Taxi trips. The OC Same Day Taxi App will be available to all OC Access eligible users in early summer.
