- Prior Rabies Certificate is required for a 3-year Rabies vaccine; otherwise vaccine will be good for 1 year
- Bring other vaccine records if possible
- Only healthy pets can be vaccinated
- If you have a CAT go immediately to Cashier's table
- Flea & Tick Control (price depends on type & pet's weight)
- Anal gland expression (\$5)
- Nail trim (\$10) (depends on time availability)
- Licensing available if needed
- Prices below reflect a \$3 per pet "CASH" discount
- Debit/Credit Cards accepted
- NO checks accepted
- \$2 Hazardous Materials Disposal Fee is charged per pet
- Although unlikely, prices are subject to change (current prices are always posted on our website)
- (Dental Cleaning, Extractions & Other Services offered at our Wellness Clinics in various locations by appointment only - contact us or view our website Calendar for dates & details)

We can NOT vaccinate a pet which:

- ✓ Has ever had an adverse reaction to a vaccine
- ✓ Has shown any sign of illness in the past two weeks
- ✓ Is nursing puppies or kittens
- ✓ Might be pregnant

Notify our staff upon arrival if your pet is on medication, is undergoing any medical treatment, or may possibly have any medical/health condition. Keep a safe distance between your pet and other pets & people.

Dogs must be on leashes & cats must be in carriers (no cardboard carriers allowed).

MICROCHIPS for DOGS & CATS \$30

(Includes Microchip Registration & 24/7 Lost & Found Pet Recovery Assistance)

ROUNDWORM DE-WORMING \$13 per dose

TAPEWORM DE-WORMING \$15 - \$35 per dose

The first Rabies vaccine is good for 1 year, regardless of pet's age. Thereafter, Rabies vaccines are good for 3 years as long as at least 12 months have passed since the pet received its first Rabies vaccination and valid proof of a prior Rabies vaccination by a licensed veterinarian in the U.S. is provided.

DHPP (Distemper, Hepatitis, Parvo & Parainfluenza) - or - **DHP** (Distemper, Hepatitis & Parvo) (6 wks & older) **\$20**

ORAL BORDETELLA (Bronchiseptica) - or - **INTRANASAL BORDETELLA w/PARAINFLUENZA** (6 wks & older) **\$15**

LYME (Borrelia Burgdorferi) (9 wks & over) **\$22**

FVRCP (Non-Adjuvant) (Feline Viral Rhinotracheitis, Calici, and Panleukopenia) (6 wks & over) **\$20**

FELV (Non-Adjuvant) (Feline Leukemia) (8 wks & over) **\$22**

♥ Pets should always receive an initial series of vaccinations, then boosters in one year. Thereafter, annual vaccinations or vaccinations every three years are recommended, depending on the type of vaccine and on the pet's environment. Ideally, pets should receive one of their sets of initial vaccines between 14 to 16 weeks of age to achieve the best immunity against disease. During your pet's initial vaccine series, do not wait longer than 6 weeks apart to have your pet vaccinated and do not vaccinate less than 2 weeks apart. ♥ All pets adopted from shelters or elsewhere when the pet's vaccine history is unknown should receive the appropriate vaccine booster(s) 1 month after adoption. ♥
