

CONSTRUCTION ALERT

Los Alamitos Channel Slope Repairs

OC Public Works will perform repairs to the Los Alamitos Channel and adjacent maintenance road in the City of Seal Beach. Existing channel water will be temporarily diverted into the Los Alamitos Retarding Basin during construction.

WHAT: OC Public Works will perform repairs to the Los Alamitos Channel in the City of Seal Beach. Existing channel water will be diverted and stored in the Los Alamitos Retarding Basin during construction. Monitoring for pest control and odor as a result of increased water in the basin will be performed during construction.

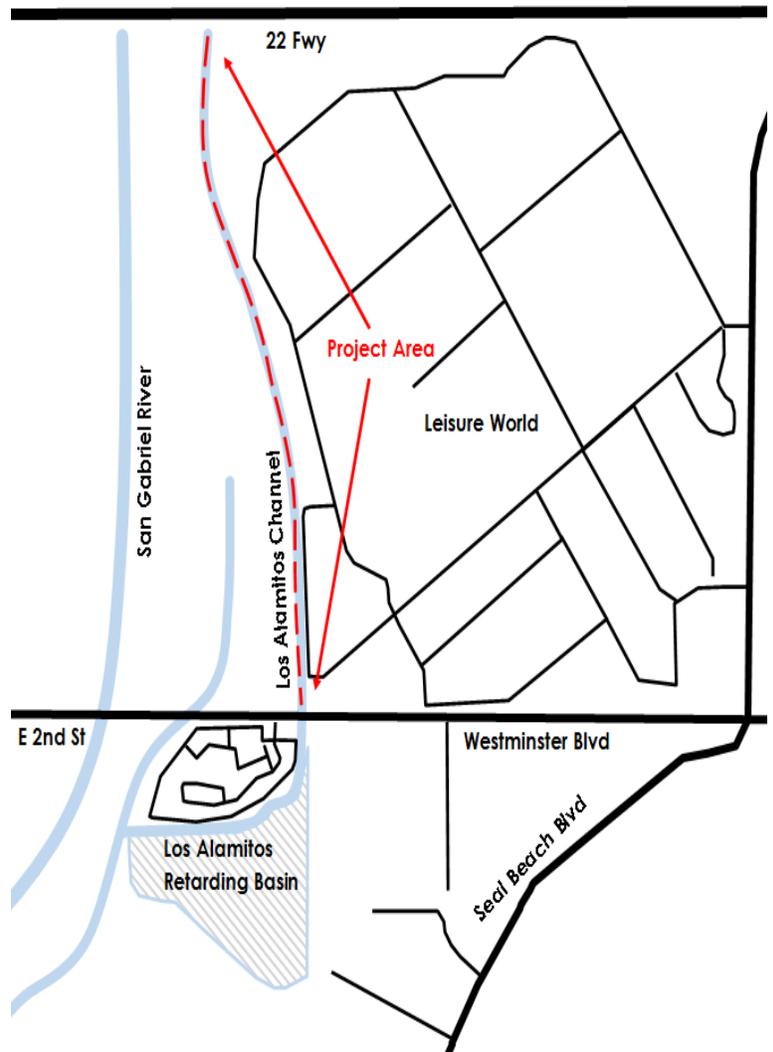

Repairs include excavating and removing unsuitable materials from the channel's slope and maintenance road, installing slope reinforcement, adding new signage, and improving drainage.

WHEN: **Approximate Construction Duration:**
Early May 2018 — September 2018

Working Hours:
Monday — Friday, 7 am — 4 pm

Construction schedule is tentative and subject to change due to weather and other factors.

WHERE: The Los Alamitos Channel in the City of Seal Beach, north of Westminster Boulevard and south of the 22 Freeway. See the project map for additional detail.
