Silverado Canyon Road Pavement Rehabilitation Project Summary

Lane closures, road closures, potential traffic delays, and limited parking planned for segments of Silverado Canyon Road. OC Public Works will repave Silverado Canyon Road from Santiago Canyon Road to the entrance of the Cleveland National Forest. Silverado Canyon Road will remain open at all times outside of working hours and on weekends during construction. Bicyclists should be aware that segments of the road may be subject to uneven pavement outside of working hours, including weekends. See below for additional detail.

WHAT

- **Lane Closures:** Lane closures will be required to complete the paving activities along the entire reach of Silverado Canyon Road.
- **Road Closures:** Road constraints east of Silverado Café may cause road users to be subject to traffic delays. Full road closures will be required to complete paving activities at narrow segments of the road. The paving equipment can be moved with a minimal delay to allow traffic to pass, however, vehicles will be restricted from driving on hot pavement, for up to 45 minutes. Please plan accordingly.
- **No Parking:** No Parking signs and door hangers will be posted at work locations 48 hours in advance of activity. Residents who use the shoulder of the roadway for short-term parking, long-term parking or vehicle storage will be required to temporarily relocate vehicles during construction.

WHEN

Anticipated Construction Duration

October 8 — Early November 2018

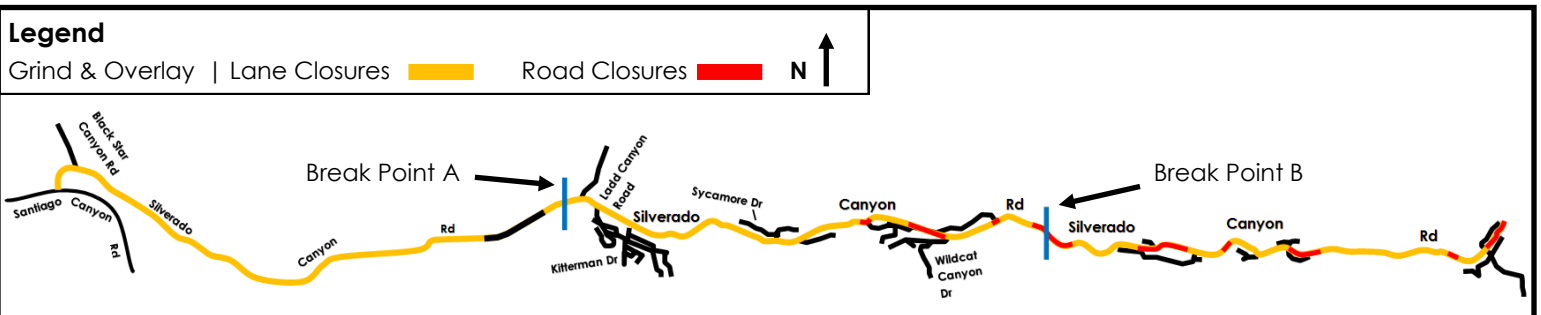

Working Hours | Weekdays | 8:30 am — 4 pm

The construction schedule is tentative and subject to change due to weather and other factors.

WHERE

Road closures and restricted parking east of Silverado Café. Lane closures along the entire reach of Silverado Canyon Road.

See the map below and on reverse side for location details.
